

## Press Release

For Immediate Release  
February 3, 2009

### **CSG Launches “CSG Tech” Research and Development Center**

Chicago – February 3, 2009 – CSG today announced the launch of *CSG Tech*, an Information Technology research and development center dedicated to delivering innovative solutions to the most pressing needs of CSG’s clients.

The CSG Tech *Innovation Lab* and network of focused *Centers of Excellence* support (1) the development and delivery of leading-edge solutions to government organizations for CSG Government Solutions; and (2) the assessment and implementation of state-of-the-art project oversight and quality assurance techniques for CSG Independent Verification and Validation (IV&V). CSG Tech is also the home of CSG Technology Solutions, offering unparalleled services in IT Planning and Architecture; Application Development and Integration; and Server and Network Infrastructure Services to public and private sector organizations.

“CSG Tech provides a powerful structure for us to leverage and advance the knowledge and experience that CSG has developed within our practices,” says John Walsworth, CEO of CSG. “It provides thought leadership and assures continuous improvement of state-of-the-art services to our clients.”

CSG continues to increase its presence across the United States. Its clients include the state governments of Georgia, Illinois, Iowa, Massachusetts, New Jersey, New Mexico, North Carolina, North Dakota, and Ohio; the City of Los Angeles, the Cook County (IL) Circuit Court, the U.S. Department of Health and Human Services, the National Opinion Research Center, and many other public and private sector organizations.
